**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

If you really want to believe in a free market allow these smaller isps to be available options. It's not healthy to have Comcast be the only option like it is for me. I know you care about lobbying but once in a while consider the consumer please! It hurts us knowing they can price hike without any consequences especially with the way the CPUC is loosening regulations. We need protection and sometimes having options is a good way to do that.
